SPEAKER

Sherrie Gould, NP

Sherrie Gould NP currently works as a Movement Disorders Nurse Practitioner at the Scripps Clinic Center for Neurorestoration in La Jolla, CA. She has learned and perfected the art and science of Deep Brain Stimulation programming. She is currently an "expert nurse program educator" nationally and speaks to patients from around the country about DBS. Her passion is empowering people with Parkinson's to reach lofty goals and, as a consequence, has led trips around the globe with people with Parkinson's and their loved ones to Kilimanjaro, base camp of Everest, Machu Picchu and more recently the Camino de Santiago in Spain. She was awarded the Health Hero Award in both 2011 and 2013 for her commitment to the Parkinson's community.
